EDUCATION

2022-Present	University of Massachusetts Boston Ph.D. candidate, Developmental and Brain Science Expected graduation: Spring 2027
2021-2022	Boston University M.A. in Psychology
2017-2021	Tufts University B.A. in Cognitive and Brain Sciences, Minor in Computer Science

ACADEMIC POSITIONS

2022-Present	Doctoral Student, Dr. Tashauna Blankenship University of Massachusetts Boston Research: Episodic future thinking, episodic memory, social cognition, academic achievement, EEG
2021-2022	Master's Student, Dr. Joseph McGuire Boston University Research: Spontaneous decision-making through eye tracking
2020-2021	Research Assistant, Dr. Remco Chang Tufts University Research: Inferential reasoning Honors thesis advisor: Dr. Paul Muentener
2019-2020	Research Assistant, Dr. Matthias Scheutz Tufts University Research: Human-robot shared mental models
2018	Research Assistant, Dr. JP DeRuiter Tufts University Research: Language and lexicon

HONORS AND AWARDS

2026	Doctoral Dissertation Research Grant in Developmental Psychology, American Psychological Association
2026	Doctoral Dissertation Research Grant, University of Massachusetts Boston
2026	Bollinger Doctoral Thesis Grant, University of Massachusetts Boston
2025	Conference Travel Award, Society for Research on Child Development
2024	COGDOP Graduate Student Scholarship, American Psychological Foundation
2024	Summer Graduate Research Grant, Psi Chi
2024	Graduate Student Summer Research, University of Massachusetts Boston
2023	Scholarly Support Fund, University of Massachusetts Boston

Suh, A., Mosca, A., Robinson, S., **Pham, Q.**, Cashman, D., Ottley, A., & Chang, R. (2022). Inferential tasks as an evaluation technique for visualization. arXiv preprint arXiv:2205.05712.

Gervits, F., Thurston, D., Thielstrom, R., Fong, T., **Pham, Q.**, & Scheutz, M. (2020). Toward genuine robot teammates: Improving human-robot team performance using robot shared mental models. In AAMAS (pp. 429-437).

<u>Under Review</u>

Pham, Q. A., & Blankenship, T. L. (under review*). Development of short- and long-term preference understanding from the perspective of oneself and another*. Manuscript submitted to Cognitive Development.

Pham, Q. A., & Blankenship, T. L. (under review). *Personal and observational episodic memory support episodic future thinking for oneself and another in 3- to 5-year-olds.* Manuscript submitted to Infant and Child Development.

Pham, Q. A., Broomell, A., Stelmaszek, M., & Blankenship, T. L. (under review). *The relation between episodic future thinking, Theory of Mind, and executive function in a social episodic future thinking task.* Manuscript submitted to Cognitive Development.

Pham, Q. A., Donenfeld, J., Soto, A., & Blankenship, T. L. (under review). *Examining the effect of episodic future thinking on math performance in 10- to 11-year-old children.* Registered report to be submitted to the British Journal of Developmental Psychology.

<u>In Preparation</u>

Pham, Q. A., Zack, J., & Blankenship, T. L. (in prep). *A framework of planning processes.*

Pham, Q. A., & Blankenship, T. L. (in prep). *A review on infantile amnesia.*

CONFERENCE PRESENTATIONS

<u>Talks</u>

Pham, Q. A., Koolhaas, C., & Blankenship, T. L. (July, 2026). Challenges of developing a spontaneous episodic future thinking task for children. Symposium paper to be presented at the European Society of Philosophy and Psychology, Utrecht, Netherlands.

Pham, Q. A., & Blankenship, T. L. (May, 2025). Episodic memory supports episodic future thinking for oneself and another. Symposium paper presented at the Society for Research in Child Development, Minneapolis, MN.

<u>Selected Poster Presentations</u>

* denotes undergraduate research assistant

Pham, Q. A., Koolhaas, C., & Blankenship, T. L. (April, 2026). Developing a spontaneous episodic future thinking task for 5-7-year-old children. Poster presented at the Cognitive Development Society, Montreal, Canada.

*Nagarajan, S., **Pham, Q. A.**, & Blankenship, T. L. (April, 2025). Understanding how observational memories impact children's episodic future thinking. Poster presented at the Cognitive Development Society, Montreal, Canada.

*John, J. A., **Pham, Q. A.,** & Blankenship, T. L. (April, 2025). Emotional influences of the developing ability to recall time and order in episodic memory. Poster presented at the Cognitive Development Society, Montreal, Canada.

*Nagarajan, S., **Pham, Q. A.**, & Blankenship, T. L. (March, 2025). Understanding how observational memory impacts children's episodic future thinking. Poster presented at the Eastern Psychological Association, Boston, MA.

*John, J. A., **Pham, Q. A.,** & Blankenship, T. L. (March, 2025). How do children remember temporal order of emotional events? Poster presented at the Eastern Psychological Association, Boston, MA.

*Nagarajan, S., **Pham, Q. A.**, & Blankenship, T. L. (May, 2025). Comparing the social and causal components of observational memory. Poster presented at the Association for Psychological Science, Washington DC.

*Ukraine, D., **Pham, Q. A.,** & Blankenship, T. L. (April, 2025). Temporal memory in 3-6-year-old children. Poster presented at the Massachusetts Undergraduate Research Conference, Amherst, MA.

Pham, Q. A., & Blankenship, T. L. (July, 2024). Imagining the short-term and long-term future from another's perspective. Poster presented at the International Congress of Infant Studies, Glasgow, Scotland.

Pham, Q.A., Koolhaas, C., & Blankenship, T.L. (July, 2024). Spontaneous episodic future thinking in 5-7-year-olds. Poster presented at the European Society of Philosophy and Psychology, Grenoble, France.

*Stelmaskzek, M. M., **Pham, Q. A.**, Weber, A., Broomell, A.P.R., & Blankenship T. L. (April, 2024). Cognitive control and Theory of Mind in memory-guided planning. Poster presented at the Massachusetts Undergraduate Research Conference, Amherst, MA.

*Trindade, L., **Pham, Q. A.**, & Blankenship, T. L. (April, 2024). Episodic memory perspective impacts episodic future thinking. Poster presented at the Massachusetts Undergraduate Research Conference, Amherst, MA.

**Pham, Q.A., ***Trindade, L., & Blankenship, T.L. (March, 2024). Episodic memory supports episodic future thinking for the self and others. Poster presented at the Cognitive Development Society, Pasadena, CA.

Pham, Q. A., Broomell, A., & Blankenship, T.L. (August, 2023). Using Theory of Mind in memory-guided planning. Poster presented at the European Society of Philosophy and Psychology, Prague, Czech Republic.

Pham, Q. A. & Blankenship, T.L. (March, 2023). Inhibitory control contributes to successful memory-guided planning in early childhood. Poster presented at the Society of Research on Child Development, Salt Lake City, UT.

Blankenship, T.L. & **Pham, Q. A.** (March, 2023). Development of memory-guided planning across early childhood. Symposium paper presented at the Eastern Psychological Association, Boston, MA.

Pham, Q. A. & Blankenship, T.L. (November, 2022). Inhibitory control contributes to successful memory-guided planning in early childhood. Poster presented at NeuroBoston Society for Neuroscience Boston chapter meeting, Boston, MA.

ATTENDED WORKSHOPS, SEMINARS, AND SELECTED CLASSES

2026	Applied Machine Learning, University of Massachusetts Boston
2025	Analyzing Neural Time Series, Mike Cohen (Youtube series)
2025	Bayesian Statistics, Stats Snack, University of Massachusetts Boston
2024	Directed Acyclic Graphs, Stats Snack, University of Massachusetts Boston
2024	Power Analysis, ManyBabies
2023	Computational Modeling of Social and Collective Behavior, COSMOS Konstanz Summer School
2023	Structural Equation Modeling, Consortium for the Advancement of Research Methods & Analysis
2023	Pre-Processing with HAPPILEE, Boston University

TEACHING AND TUTORING

2025-Present	Introduction to Cognitive Science, University of Massachusetts Boston Instructor of Record
2025	Statistics in R, University of Massachusetts Boston Tutor
2024	Infancy and Child Development, University of Massachusetts Boston Teaching Assistant, Guest Lecturer
2024	Perception, University of Massachusetts Boston Teaching Assistant, Guest Lecturer
2024	Cognitive Neuroscience, University of Massachusetts Boston Guest Lecturer
2024	Developmental Psychology, UMass Boston Osher Lifelong Learning Institute Instructor of Record
2023	Improving Executive Functions, UMass Boston Osher Lifelong Learning Institute Instructor of Record
2023-2024	Writing House, University of Massachusetts Boston Tutor
2023	Critical Analysis, UMass Boston Directions for Student Potential Tutor, Guest Lecturer

SERVICE

2024-Present	Co-Lead, Teaching, Training, and Open Science Committee, ManyBabies
2023-2024	Student Advisor, ManyBabies
2023-2024	Student Committee Member, International Congress of Infant Studies
2023-2024	Administrator, UMass Boston SONA Psychology Subjects Pool
2022-Present	Undergraduate Research Assistant Mentor, University of Massachusetts Boston

Mentored 9 RAs

RELEVANT SKILLS
Programming and Software: Proficient in Python, R, and Microsoft Office Suite. Familiar with MATLAB, SPSS, C++, C#, JavaScript, HTML, CSS, VBA (Excel)
Technical and Research: Eye tracking (Tobii), EEG (ANT Neuro, HAPPE), advanced data analysis
